About the Proprietorial Schools' Forum

The Proprietorial Schools' Forum has proved highly popular since its inception in September 2008. The Forum was established in response to demand for an event at which private owners of schools could meet to discuss exclusively the issues which concern them.

The 2011-12 programme has been put together with the same two aims that have always underpinned the Forum: to offer stimulating presentations on relevant topics, and to respond to feedback from previous events.

In line with previous feedback, in putting together this new programme we have reduced the number of talks at each event to two, and allowed a longer discussion forum, offering you maximum benefit.

We look forward to welcoming you to the 2011-12 Proprietorial Schools' Forum events.
